■ CHIP: 17,000

■ Uninsured children: 35,000

■ Self-funded through ERISA:
13,600+

■ Federal/Military dependents:
3,000+

Total children in Montana: 230,062

* Approximate Numbers

Sources:

- 230,062 Children in Montana
 - *US Census Bureau 2000; Annie E. Casey Foundation, KidsCount*
- 64,764 Children covered by Medicaid
 - *Kaiser Family Foundation, Urban Institute and Kaiser Commission on Medicaid and the Uninsured, based from Census Bureau 2007*
- 35,000 Uninsured Children in Montana
 - *US Census Model 2000; Healthy Montana Kids website*
- 13,600+ Self-funded through ERISA
 - *Member count from self-funded employer plans.*
 - *Understated due to specific self-funded employers for whom data is not available*

Other considerations

- Indian Health Services (IHS) is primarily a delivery system, not an insurance coverage mechanism
